

# Let the adventure begin!

Join us for our Open Morning to discover our exciting and varied programme of education, combining academic enrichment and sporting excellence with a wide range of co-curricular activities. Every child is on a quest for adventure; we are here to help them develop the skills they need to thrive educationally and beyond. Prep is just the beginning...

**2 EARLY YEARS**  
The perfect opportunity to explore our Nursery and Reception classes and meet our teaching staff. You'll see first-hand how the children explore their world and grow in confidence and independence.

**1 IN THE WILDS**  
We love outdoor learning. Join us in the woods for our Jurassic scavenger hunt. Solve the clues, discover new skills and meet a few dinosaurs along the way. Wrap up warm!

**3 ZERO GRAVITY GYMNASTICS**  
Astronauts, prepare for blast off! Physical activity is encouraged throughout St J's as it helps children develop character, and social and brain skills such as problem-solving, resilience, perseverance, confidence and teamwork.

**4 ENCOUNTERS WITH BEASTS AND BEATS**  
A fantastic hands-on experience for young animal enthusiasts and music lovers! Music from around the globe provides the perfect soundscape for a close encounter with the wild.

**5 DISCOVERY CENTRE**  
Our mission is to inspire and encourage a love for STEM (Science, Technology, Engineering and Maths) at an early age. Join us in the discovery centre for challenges designed to encourage curiosity, ingenuity and creativity.

**6 T-REX TEAM SPORTS**  
Our professional coaches train and encourage pupils of all ages to a consistently high level across a wide range of sports.
